

AARON

All right, I might just be setting myself up for some hardcore rejection right now. But at the moment I'm feeling rather empowered, so, fuck it.

I don't want to go out with any of your friends, Casey. I want to go out with you.

I think we have a good rapport. We both like *Quantum Leap*. In a very brief time you've helped me with my "ex" drama. And, this might sound crazy, but... I actually think your particular brand of edgy and creative could be good for me. And I think my particular brand of structure and stability could be good for you, too... Now, I know I might not be exactly the kind of guy you're used to going out with. But, clearly, that hasn't worked out in the past. So, maybe it's time you try someone different. Well, Casey, what do you say?
