

CASEY

Okay, am I going crazy? 'Cause I think, maybe, I'm kinda sorta starting to dig this guy. And don't say it's 'cause he played the "dead mom" card, 'cause I really don't think that's it. I mean, and believe me, I'm starting to puke in my mouth as I say this, but I actually think...

...he has a good heart...

Still, despite his obvious lack of "bad boy" standing, there's a...

...definite charm and strangely attractive quality to him. Is it possible that I might actually be... just a tiny little bit... in a roundabout sort of way... into him?
