

MAN 3 / (WAITER)

Now, as some of the regulars here already know, I do a little writing and performing on the side... Very little. It's why I've been stuck in this rat-hole for way too long. I'm just kidding. There are no rats. We used them all in the bolognese!

Still, if you'd all indulge me for just a few minutes, I thought I'd share my latest musical *extravaganza* with you.

Hit the lights, Jorge!

This goes out to all the lovers... and future lovers out there...

I'm looking at you table four...
