

(The daily 7:30am jano meeting. UT TIM stands in front with a clipboard)

UT TIM I don't care if you're hung over –

(DEE runs in late. She wears her jano outfit – green Carhartt pants and a gray Carhartt t-shirt) (directed at DEE)

I want to see everyone's A-game today. (DEE holds Shannon's green brain in her hands. As UT TIM continues, she carefully puts it into the ziplock bag and into her pocket) (to all)

I will be putting my head into the bowl of every toilet and looking up under that rim. I don't want to see any diarrhea splatters anywhere. I want recycling stations spic and span. There is to be no dust on fire extinguishers. No cum smells coming from sani waste. Disinfect and deodorize, people! Are you with me?

(Sparse clapping) Are you with me?

(Just a little more clapping) Assignments for today!

Cheeseburger clean Lounge Side Men's, SSC and 206. Ghost Shark clean 201, Hut Ten and you've got Trash Attack. Chitty-Chitty you've got Transient Women's, 208 and Highway One. Ling, you are training Siskel and Ebert today – I love that – Siskel and Ebert – go with Ling. Johnny Five Is Still Alive, 210, Gallagher's, and Ho Cal. And Princess Dee – there is a very special project for you. Some high priority shit. Literally. A few awesome people decided to be hi-larious and took turns dropping deuces on one of the nice La-Z-Boy recliners in the 203B Lounge. That's right – they used it like it was a toilet. It is covered in shit. Poop-dy poop. Number Two. Crap-o-la. Human fi-ces. We thought it was the Cargo guys, but their alibi checked out. So if anyone hears anything, let us know and these awesome people will be fired and on the

next C-17 home. Now I think we should just throw away “The Poop Chair” – as it has been dubbed – but El Capitan thinks since we’re government- funded and that chair was bought and shipped down here with taxpayer money – we have to try to clean it. So Princess Dee –

(a la Sean Connery) God speed.

(in his own voice) There are masks and heavy duty gloves in Double-O-Seven. Now go out there and *crush* it! And don’t forget – only one day until B’s and Honey B.

(The janos leave) Princess Dee, let’s take a knee.
